

## **IQAC ANNUAL REPORT OF 2023-2024**

### **INTRODUCTION**

It's my pleasure to unveil the annual report of the Internal Assurance Quality Cell (IQAC) of Mohamed Sathak college of Arts and Science for the academic year 2023-2024. This report highlights the institution's unwavering dedication towards excellence and strategic initiatives that aims to promote a culture of constant progression in the academics and other activities too.

### **OBJECTIVES**

1. To elevate the achievements in the academics and administrative effectiveness of the institution.
2. To build a structure for focused, reliable and a transformative measure for a betterment mechanism or process.
3. Creates a supportive, student-oriented atmosphere that ensures advance educational standards aiding the faculty with the integration of essential skills and tools that are necessary for collaborative teaching and learning experience.

The IQAC of Mohamed Sathak College of Arts and Science persist in achieving these targets with a robustic plan that includes in upgrading students, faculty and infrastructure. To progress this, the IQAC has conducted six meetings that were held on 17.07.2023, 12.09.2023, 16.10.2023, 09.01.2024, 04.03.2024, 07.05.2024 for the academic year 2023-2024.

### **IQAC INITIATIVES**

- Research development
- IQAC meetings
- Sprots/culture
- Field/Project work

## **VALUE ADDED COURSES**

The IQAC has chosen and delivered 23 value added courses for this year. The importance of these course aids and drives the students to a greater competitiveness with a high level of innovative thinking and entrepreneurial attitude to navigate the emerging challenges in their respective field of study.

## **WORKSHOPS/SEMINARS/WEBINARS**

The IQAC instructed all the domains to organize seminars/webinars and workshops throughout the academic year. As per the instructions, 17 programs were carried out relevant to soft skills, communication skills, life skills, and ICT. These skills mould an individual student in their academic journey beyond curriculum and creates an essential foundation for addressing the challenges of academic life.

## **FACULTY DEVELOPMENT PROGRAM**

To ensure effective teaching and learning, the IQAC regularly organizes Faculty Development Program for five days to all the faculty and for non-teaching staff the IQAC organises orientation program for the year. The faculty of MSCAS, to excel in and enhance their teaching skills to be more interactive in the advancement of new initiatives participates in various colleges FDP programs.

## **STUDENT INDUCTION PROGRAM**

The IQAC organized the Induction program for the freshers in order to assist the newcomers to feel their new environment comfortable and learn about college process, values, policies before their regular classes commences.

## **RESEARCH AND BOOK PUBLICATIONS**

Research and book publications aids the research supervisors and the researchers to share their knowledge and advancement in the field of their respective domains. Nearly 27 publications and 26 books have been published by the faculty and research student in the UGC Care journals and well-reputed publications.

## **SPORTS AND CULTURALS**

The institution renders and inculcates the value of sports to the students along with the academics as the sports assists the students to learn about the teamwork, time management, discipline and commitment towards their responsibilities. The students of Mohamed Sathak College have actively participated in 62 various competitions in state level, zonal, and inter-collegiate sports event and has received many awards and prizes to the institution. To boost other students, inter-departmental competitions were also conducted.

## **FIELD/PROJECT WORK**

The IQAC instructed the faculty to engage student in the field work and project work as it helps in gaining a wide-range of subject-specific techniques that includes mapping, data collection, analysis together with transferrable skills like independent learning and problem solving. The students of MSCAS have been carried out by nearly 1819 project and field investigations in their specialized areas of study.
